

Recruitment Preferred Supplier List

As per the new policy for Recruitment, this is the Preferred Supplier List that you can select from to recruit. We have carefully selected these 14 suppliers based on their credentials, feedback, specialisms, and locations, as well as competitively negotiated rates.

We believe they should be able to fill almost all roles necessary, however if you have attempted to use this list and are still not able fill a role, or if you have any questions, please contact the Procurement Team via the Business Hub.

These suppliers have been added to eArcu for you to select from.
